your rescreening job

Stronger ideas for a sustainable world

Clear Advantage™ Screen Replacement Kit

Clear Advantage screen is ideal for those that want enhanced outward visibility.

Clear Advantage is a fiberglass screen designed to provide better visibility without compromising durability. Manufactured with a tighter weave and finer yarn, Clear Advantage allows visibility through windows and doors to remain sharp and brilliant. This screen allows up to 50% more natural light in and dramatically improved airflow compared to standard screening.

PART #	ROLL UPC	ROLL WEIGHT (LB.)	ROLL DIMENSIONS (LXWXH)
FCS10183-M	011646101839	1.9	4.5 x 4.5 x 37.125

10	13	10011646101836	23	8.75 x 14.5 x 37.75

Pet Resistant Screen Replacement Kit

Pet Resistant screen is ideal for areas where pets or children push against the screening – a smart solution for those who repeatedly have to replace screens due to damage.

New York Wire's new and improved Pet Resistant Screen is an ultra-strong screening that resists tears and damage caused by cats and dogs. Pet Resistant Screen is much heavier than traditional screening and can be used in any door or window. This product prevents damage from household pets yet still allows for excellent outward visibility. Our new Pet Resistant Screen coating makes it the only flame resistant pet screen in the market by passing the ASTM requirements D3656 and D6413*.

PART #	ROLL UPC	ROLL WEIGHT (LB.)	ROLL DIMENSIONS (LXWXH)
FCS10184-M	011646101846	2.9	4.5 x 4.5 x 37.125

10	13	10011646101843	33	8.75 x 14.5 x 37.75

NYW Screen is now ortho-phthalate free and does not contain any substances covered under California Prop 65. We have maintained the same great aesthetics, properties and processibility that our screen has always had. We have also now achieved GREENGUARD Gold certification on this screen, which certifies that the product has low chemical emissions.
