Clear Advantage™ Screen Replacement Kit: Ideal for those that want enhanced outward visibility

Clear Advantage is a fiberglass screen designed to provide better visibility without compromising durability. Manufactured with a tighter weave and finer yarn, Clear Advantage allows visibility through windows and doors to remain sharp and brilliant. This screen allows up to 50% more natural light in and dramatically improved airflow compared to standard screening.

Pet Resistant Screen Replacement Kit:

A smart solution for those who repeatedly have to replace screens due to damage where pets or children push against the screening

New and improved Pet Resistant Screen from Saint-Gobain ADFORS is an ultra-strong screening that resists tears and damage caused by cats and dogs. Pet Resistant Screen is much heavier than traditional screening and can be used in any door or window. This product prevents damage from household pets yet still allows for excellent outward visibility. Our new Pet Resistant Screen coating makes it the only flame resistant pet screen in the market by passing the ASTM requirements D3656 and D6413*.
